## **Session 2020-2021**

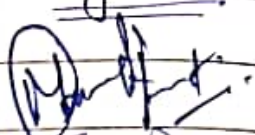

Over the years, Guidance as a programme in the college had always been carried out by way of guiding, mentoring and exploring hidden talents of students. The Career Guidance Cell of the college operates throughout the year by organising different Programmes, Lectures and Events. At the time of the admission, it provides guidance to the fresh comers as to which stream of study is suitable for them keeping in view their interests and aptitude. In order to decide which stream and course to decide after their graduation classes, Career Guidance Cell of S.D. College, Barnala organised a mock test on June 28, 2021. Total 47 students participated in the mock test. Keeping all the Corona instructions in mind, norms of social distancing were properly followed by the cell for safety and well-being of students. During the academic session, it provides students with material as mock test sample, guidance for books and magazines. The cell also provides need-based coaching for various competitive exams.
