Practical and educational seminars, tours and visits should be organised.

Experience staff can be required

There are too much of restrictions as if a girl student wants to learn a subject from a boy , the college rules restrict them not to sit together even for their studies(even when they want group study) . This thinking is need to be changed. As we all learn by sharing our knowledge but sometimes we (students) feel too much of narrow thinking in our college.

And the science students also want enjoyment as there is too much of stress in our studies . Sometimes we also need some break but college always take initiative for other stream students and not for science students .

Waterculler for students

Overall learning experience for the students is good but there is need of some more books of new addition in library.

All good

ਸਾਨੂੰ ਆਪਣੇ ਟੀਚਰ ਦਾ ਮਾਣ ਕਰਨਾ ਚਾਹੀਦਾ ਹੈ

So there are so many factors in which college is lacking ...no doubt staff is really good and they give their level best . But some other activities are lacking .. which should be there to enhance confidence in Students. There is very limited approach towards that which would be competitions , some outdoor tours, conducting seminars once in a week, meeting with NGOs so that students add some social work in their life , career counsellings with people (industrialists, business man, government officers, journalists,. Companies) from students respective fields so that they can decide their future approach for job according to industrial or any governmental prospectus. And many more things are lackingbut academics and staff is really good and supportive .

Extra classes can be taken

Inter disciplinary , student centric approach

More competitions shd be organized

Scientific bent in education needed

Need new ways of teaching and learning

Open discussions

Entry tym I card cheking

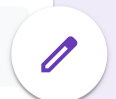

Cleanness

Canteen

More co-curricular activities should be organised to gain real life experiences other than just the chosen subject. Societies should be made to encourage team work and organisational skills in students.

Improve the infrastructure of all buildings (especially the old ones) like new and clean benches, painted classrooms, proper lights and fans, cleaned and upgraded washrooms for students

Good rules

I think everything is going good to enhance the learning of the readers

There must be some interactive workshops organised in college campus to enhance students practical knowledge as well. Teachers are very supportive but they have lots of other duties so sometimes they don't be able to take classes regularly and are not able to complete the syllabus on time. Regular weekly class tests must be taken in order to prepare the students for the exams.

New technology monthly updates can be given. Activity based learning may be implemented.

Change In Teaching Methods

everything is good

Fees for poor children should be reduced so that they can get a good education

Care about themselves

Discipline, dedications, bike parking , aware of drugs not allowed in college outsiders

Improved cleaning of desk

M.com 2 ਕਲਾਸ ਰੂਮ ਅਲਾਂਟ ਕਰੋ । ਅਤੇ ਅਧਿਆਪਕਾ ਨੂੰ ਲੈਕਚਰ ਲਾਓਣ ਨੂੰ ਕਿਹਾ ਜਾਵੇ

College must avoid gender based sitting arrangements in the campus. Girls must have right to sit on the benches nearby English dept.
